2017/18

<u>SPORTS PREMIUM FUNDING ALLOCATION 2016-2017</u>	
Pupils on roll	451
Total grant funded for 2017-2018	£15, 452

How we decide what to spend our sports premium on:

Our remit is to develop and add to the PE and Sports activities that Lodge Farm already offers and build capacity and capability within the school to ensure that improvement made now will benefit pupils joining the school in future years.

We liaise with our local sports partnership, Stevenage Sporting Futures, to receive advice and guidance on the most effective initiatives to develop provision in sport.

We use existing research and publications including those from Ofsted Good Practice series to enable us to make decisions to spending of our Pupil Premium Grant (PPG).

We also use Pupil Conferencing to ascertain children's views.

Key expenditure:

Sports Coach: Provision of a full time specialist Sports Coach to support Key Stage 1 and 2. Focus to deliver high quality sports provision (including daily lunchtime and afterschool clubs) and up skill teaching staff.

COST: £6500

Stevenage Sporting Futures: To Enable access to town wide festivals and competitions; collaboration with Secondary Schools and to access professional development for staff in teaching clubs or PE lessons.

COST: £4451

We received additional funding later in the year. This has been ring-fenced to purchase new PE equipment to support "new" clubs eg table tennis

Targets set (2016 - 2017)

1. To promote and support the importance of a healthy lifestyle
2. To develop access to high quality sports teaching and learning across Key Stage 1 & 2
3. To upskill staff to deliver high quality P.E lessons and clubs

TARGET IMPACT

Lodge Farm Clubs

Over the past year, we have run even more extra-curricular clubs than the previous year, allowing children to try a variety of sports (Some that they may have never had the chance to do). We have actively taken an interest in what clubs/activities children are enjoying watching on TV, trying outside of school or would like to give a go, to give them the opportunity to practice and develop in a safe environment. A prime example of this is scooter club. We noticed the year 5/6s were scooting to school each day trying tricks and skills, so we created a lunch club for them to practice this in a safe environment.

Cookery Club

A cookery club was set up to teach children a variety of basic skills such as chopping, whisking, mixing as well as to educate them on healthy eating and the importance of maintaining a balanced, healthy lifestyle. This club has been offered to Y3/4/5/6 and has been extremely popular.

Upskilling development

As well as having a full-time Sports Coach in place, other members of staff have been upskilled in their knowledge of P.E lessons, through new lesson plans and 1-1 explanations of skills from different sports (e.g. Understanding each type of shot in volleyball and a simple way to explain this to the children). This ensures that there is a consistent quality of physical education across the school, whether the sports coach or teachers are leading the session.

Other members of staff are also becoming more involved in sports clubs, meaning that even more children will have the opportunity to participate, examples of this are:

Hannah – Netball

Nicola – Netball

Claire – Tag Rugby

Successes

We have a number of children who are excelling within their sports, representing clubs in a variety of sports and academies outside of school, including football, netball, cricket, kick boxing, gymnastics, dance and much more.

BM – Stevenage F.C academy

SH – Stevenage F.C academy

EC – Stevenage F.C academy

TM – District Football

EC – Storm Netball

Swimming

Our children currently attend Stevenage Swimming Centre every week during Year 4.

We are in discussion about reorganising Swimming. We are considering changing to a term's swimming for years 3, 4 and 5. We understand that this allows less time for progress. We do feel this is important as a significant number of our learners are non-swimmers at the start of the year. However, changing systems would allow for children to revisit and develop skills and may encourage sustainability beyond school.

What % of current year 6 cohort swim competently, confidently and proficiently over a distance of 25 metres?	60%
What % of current year 6 cohort use a range of strokes effectively?	60%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	27%
Schools can use the Primary PE and Sports Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	NO

Targets for 2018/19

1. Arrange for a sports company to cover P.E once a month, to ensure more participation in more tournaments.
2. Launch a breakfast 'wake up the mind' club, such as Thai Chi, yoga or brain games.
3. Put a sports colours reward system in place to encourage children to participate in clubs.
4. Introduce 'Sports Leaders' to give responsibility to children within sport
5. Improve equipment within the school, giving potential for new sport clubs.
