

Set: Tuesday 21st May

Due: Friday 25th May

Unique pet

This week we will be writing instructions about how to care for a unique pet. Your writing will instruct anyone who is interested in owning the unique pet about how to effectively care for them.

What unique pet will you choose?

You can either create your own unique pet, select a real animal or mythical animal that would make a unique pet.

TASK:

On the plain paper, draw an image or stick a printed copy of your unique pet.

Write key words/phrases around your pet which provides more detail about it. Consider...

- **What does your pet look like?**

Use expanded noun phrases and relative clauses beginning with the relative pronouns 'that' and 'which'

- **How does your pet behave?**

How does it move?

What kind of personality does it have? E.g. brave, inquisitive, nervous

How does it behave when it is nervous, frightened, angry etc?

- **What does your pet eat?**

Where might people get its favourite food from?

- **What sort of habitat do they live in?**

How will people recreate the creature's habitat in their own homes or gardens?

This homework will support your instructional writing on Wednesday and Friday, so please make sure you have begun to think about your unique pet by Wednesday.

We look forward to reading about the unique pet you have chosen.
